Reference: Public Records Act Request Received March 14, 2019

In your response to your Public Records Request, please find the documentation categorized in the same order per your request.

1. "Any and all policies, criteria, state or local statutes that Paradise Animal Control and Shelter (hereafter referred to as "PACS") uses to determine the reasons for the euthanasia of cats brought into its facility after December 1, 2018."

The relevant State and Local Statutes are accessible to the public via the responsible agencies and websites. As a courtesy, you can find the California animal laws spread throughout various California codes at <http://leginfo.legislature.ca.gov/faces/codes.xhtml>, including in the Business and Professional Code, the Civil Code, the Food and Agriculture Code, the Penal Code and the California Code of Regulations at <https://oal.ca.gov/publications/ccr/>. The relevant Town of Paradise Municipal Codes can be found at https://library.municode.com/ca/paradise/codes/code_of_ordinances. Additionally, the Town of Paradise Animal Control Policies, Procedures and Operations: X Placement of Animals, section D states:

D. Euthanasia - The Town of Paradise Animal Shelter strives to demonstrate a respect for quality of life for its animals. The Town of Paradise Animal Shelter operates as a no-kill facility. The shelter does not euthanize animals to make space for other animals. Although euthanasia is the final act of kindness that we can show a critically ill, seriously injured, or dangerous animal, it is viewed as an alternative, only after very careful consideration, and always as a last resort. It is the policy of the Town of Paradise Animal Shelter that animals to be euthanized are handled with respect and sensitivity, and protected from stress, fear, discomfort, and pain.

1. Authorization Procedures. The decision to euthanize animals is made on a case-by-case basis. When deemed necessary for medical or behavioral reasons, and approved as indicated below, animals are humanely euthanized.

2. Medical Reasons. Critically ill or seriously injured domestic animals may be euthanized prior to conclusion of the six (6) work day holding period (the normal time allotted for owners to reclaim their pets). Those situations need immediate consideration and require approval by the Shelter Supervisor and attending veterinarian.

2. "Any and all policies, criteria, state or local statues and training that PACS uses to assess whether a cat is feral, a community cat or a domestic pet cat."

The relevant State and Local Statues are accessible to the public via the responsible agencies and websites. As a courtesy, you can find the California animal laws spread throughout various California codes at <http://leginfo.legislature.ca.gov/faces/codes.xhtml>, including in the Business and Professional Code, the Civil Code, the Food and Agriculture Code, the Penal Code and the California Code of Regulations at <https://oal.ca.gov/publications/ccr/>. The relevant Town of Paradise Municipal Codes can be found at https://library.municode.com/ca/paradise/codes/code_of_ordinances.

Paradise Animal Control Officers attend an accredited Basic Animal Law Enforcement Academy. The 80-hour course covers required training pursuant to Corporations Code 14502 for appointment of humane officers. Curriculum includes child and elder abuse reporting requirements, animal law update, civil and criminal liability, rules of evidence, report writing, search and seizure, court demeanor and testifying, animal fighting, animal exhibit inspections, pet store inspections, animal hoarding, veterinary procedures, horse and livestock husbandry, exotic animal husbandry, and animal behavior and identification. The Animal Control Supervisor additionally attends an accredited Advanced Animal Law Enforcement Academy. Animal Control personnel may have additional training and experience relevant to animal care or law enforcement.

3. "Copies of all the intake forms for all cats, with their identifiers, photographs, microchip numbers and/or ID numbers assigned for tracking purposes, that were brought into the facility after December 1, 2018."

Documents attached.

4. "The type of FIV testing method used in-house and a list of all cats tested with their all their identifiers."

The Paradise Animal Shelter did not perform any in house FIV tests from December 1, 2018 to the time of this release.

5. "Please specify what testing was used for FIV testing, ie: whole blood, serum or plasma, for each cat after December 1, 2018."
